ENVOY MUN 6.0

13-15 OCTOBER

MUN stands for Model United Nations, which is a simulation of the United Nations where students role-play as delegates representing different countries or entities. They discuss international issues, negotiate, and draft resolutions, similar to what happens at the real United Nations. MUN helps students develop research, public speaking, and critical thinking skills. MUN conferences often bring together students from diverse backgrounds, promoting cultural exchange and tolerance.

Participants learn about leadership, teamwork, and diplomacy by taking on roles as delegates, chairs, or organizers. MUN encourages students to become informed about global problems and the role of international organizations like the UN in addressing them. It enhances students' understanding of how international politics work and the importance of diplomacy in resolving conflicts. MUN conferences provide opportunities for students to network and build connections that may be valuable in their future careers.

WHERE YOUR VOICE MATTERS

Envoy Model United Nations 6.0 was successfully conducted from October 13th to 15th, this highly anticipated event delivered three days of insightful discussions, strategic negotiations, and collaborative problem-solving. Envoy MUN has established itself as a premier platform for young minds to engage in diplomacy and gain a deeper understanding of global issues.
